

The work of the [Commission on Law Enforcement and the Administration of Justice](#) is currently underway. In order for the Commission to be effective in its work and to set the course for policing and the administration of justice for the next 25-30 years, they need insight from our IACP Committees. IACP Board Member, Chief Bill

Brooks, is the chair of the Commission's Data and Reporting Working Group. The Group will be convening virtually on Wednesday and we need your input by **10 am ET on Wednesday, March 25** as it relates to data and reporting.

1. Do you see any gaps in data around policing and crime that should be filled?
2. Is there any data that is misleading?
3. What data and reporting is missing?
4. What is being collected that should be collected differently?

IACP members, please go to the IACP website, logon to the member portal, and you will find email addresses in the IACP online communities at which to send your thoughts and feedback or send an email to [legaffairs@theiacp.org](mailto:legaffairs@theiacp.org). Your input and insight is invaluable and we appreciate your assistance.
